KED Program

Educating the Global Generation

Welcome to the new school year at KKB! The first month has been exciting and full of excitement.
We are committed to a supportive and dynamic learning environment.

Highlights of the month

Orientation Program

Orientation Day set the tone for a fantastic year ahead, as new and returning students and parents were warmly welcomed into the school community, setting expectations for the new academic year.

Back to School

High school students gave a warm and heartfelt welcome to the juniors. It was wonderful to see the spirit of camaraderie and support!

First day of Pre Primary

Our youngest students and their parents had a wonderful time bonding on the first day, planting saplings, dressing up, and enjoying a fun fashion show!

World Environment Day

World Environment Day was celebrated with engaging activities such as recycling workshops, and educational talks, demonstrating our renewed commitment to sustainability and protecting our planet!

I CAN BE A BUDDY Campaign

Students created posters, participated in a walk, and introduced a Buddy Bench to promote friendship and inclusivity.

Talent Day

Students showcased a fantastic array of talents across grades, including talents like singing, dance, drama, and art.

International Yoga Day @ KKB

The whole school participated in a rejuvenating yoga session, promoting health and wellness.

FIKA morning

We enjoyed a Fika morning with new parents, a cherished Swedish ritual for pausing, relaxing, and socializing.

Meet and Greet

We hosted a meet and greet event for grades 1 and 2 parents, witnessing their boundless energy and enthusiasm—a clear reflection of where our students get theirs from!

Life Skills Program: Design Thinking

This year, students will collaborate in groups of four to identify local problems, develop innovative solutions, and craft problem statements with your guidance.

KED Program Highlights

It is all about Personalised Learning

From improving logbook usage to productive workshop time, students have shown significant progress from week one to week four, gearing up for their upcoming theme presentations.

Learning Portal and Log book

Parents are encouraged to access the learning portal to track student progress and review the logbook for insightful conversations about their child's school day.

Own learning goal

Strategy & Evaluation

Own Strategies (week 26)

What I should do to learn

- eng - i will finish my presentation and submit it by the due date, i will also read a poem and finish Q and A
- hindi - read the poem jhansi ki raani and write shabd aarth
- math - i will finish the math presentation and study algebra
- science - i will memorise the first 40 elements of the periodic table and write the chemical formulas
- comp - finish the presentation and learn about the history of internet

Saved

Evaluation (week 26)

Reflection on your work effort and your chosen strategies during the week. Evaluate in relation to your goals.

Monday - my evening routine is after i get home i eat a few fruits and i wear my SUFC football jersey and i leave for class at 4:30pm and i return by 7pm and then i change and i quickly eat food in 10 minutes and then i login for maths tuition from 7:25 to 8:45 then i eat a mango and i study for half an hour and finally i read my kindle for 5 minutes and i watch I-pad for 3-4 minutes and i dose off and not much in my day helps me plan for the coming day.

- Coffee with leadership

We hear you....

Adjusted Dispersal Time:

We have moved our dispersal time to 2:30 pm to reduce students' commute times and give them more time for rest and after-school activities.

We hear you....

Revised Breakfast Time:

We have adjusted breakfast time to ensure our students start the day with the energy needed for optimal learning and engagement.

We hear you....

Sunshine and Bonding Time:

We have added daily outdoor time for students to enjoy fresh air, exercise, and bond with their peers.

We hear you....

Food @ School

With input from our food committee, comprising parents, students, and teachers, we've improved our food offerings to balance nutrition and taste. We continuously incorporate their feedback to promote healthy eating habits.

We value your input!

We believe these changes will contribute positively to the overall health, happiness, and academic success of our students.

Together, let's shape a future where every child's potential finds its greatest expression.
